COACH LEWIS R. WHITE

DEDICATION

One who has been with us for the past six years and has brought such glory to our school certainly deserves the very greatest honor that we can bestow upon him. Through the able coaching of Mr. Lewis R. White, Suffolk High School has produced three successive district championship football teams. But, besides being a maker of champions on the football field, "Cap'n Dick," as he is better known to most of us, is our friend and adviser who teaches us the "rules of the game" both in and out of school. We sincerely hope that he who has influenced our lives for the best for several years in the past will be with us for many more to come.

It is a very great privilege for us to pay tribute to our coach and friend, Mr. Lewis R. White, by dedicating to him the XXVI Volume of THE PEANUT.

FOREWORD

We, the staff of THE PEANUT of '48, proudly present "The Circus". Many a jesting friend upon seeing our school with its divers activities in full swing, has "tripped the light fantastic" by remarking that it is as confusing as a "three ring circus". Taking this little idea in hand, we have created this world's greatest show which we are now presenting to you.

What is the first thing that announces a circus coming to town? But of course, it's a parade. Just as a circus has to have performers, so a school has to have students who are shown in our Parade. Here it comes now. Let's follow it.

We have arrived at the Big Tent. It represents our school building in case you didn't know. Is anyone looking? No? Well, let's take a peep at the show. The ring master appears. The show begins.

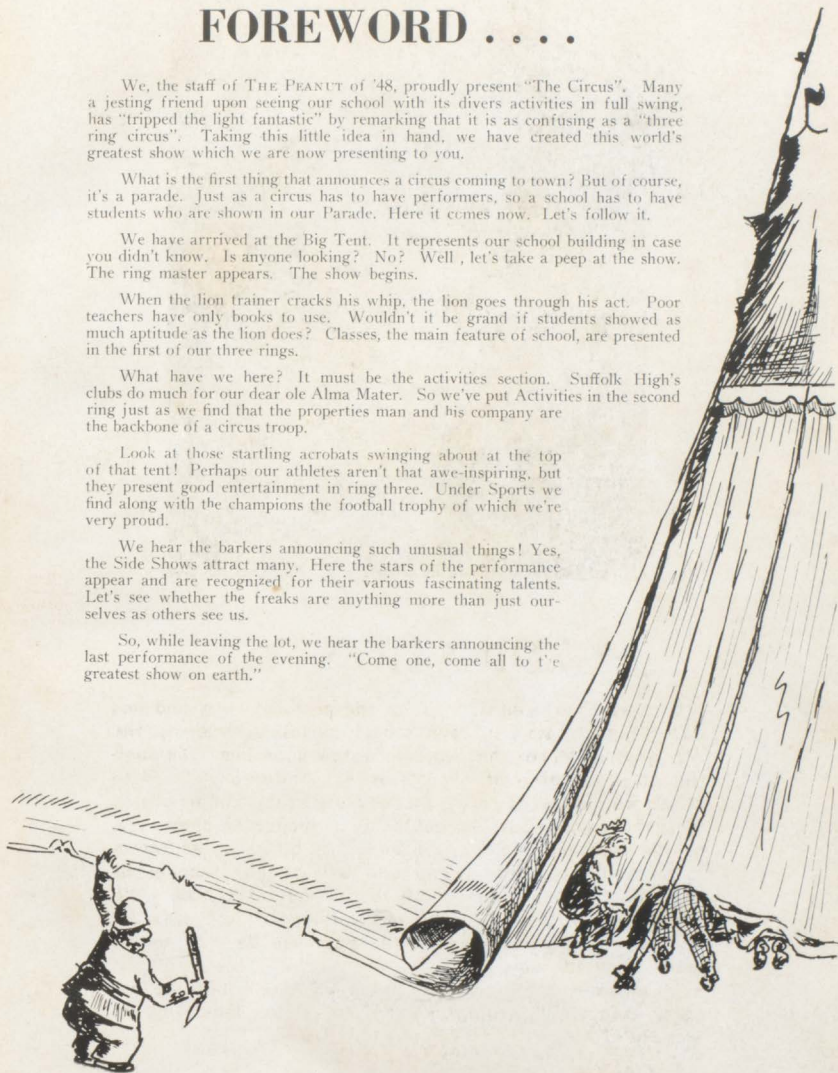

When the lion trainer cracks his whip, the lion goes through his act. Poor teachers have only books to use. Wouldn't it be grand if students showed as much aptitude as the lion does? Classes, the main feature of school, are presented in the first of our three rings.

What have we here? It must be the activities section. Suffolk High's clubs do much for our dear ole Alma Mater. So we've put Activities in the second ring just as we find that the properties man and his company are the backbone of a circus troop.

Look at those startling acrobats swinging about at the top of that tent! Perhaps our athletes aren't that awe-inspiring, but they present good entertainment in ring three. Under Sports we find along with the champions the football trophy of which we're very proud.

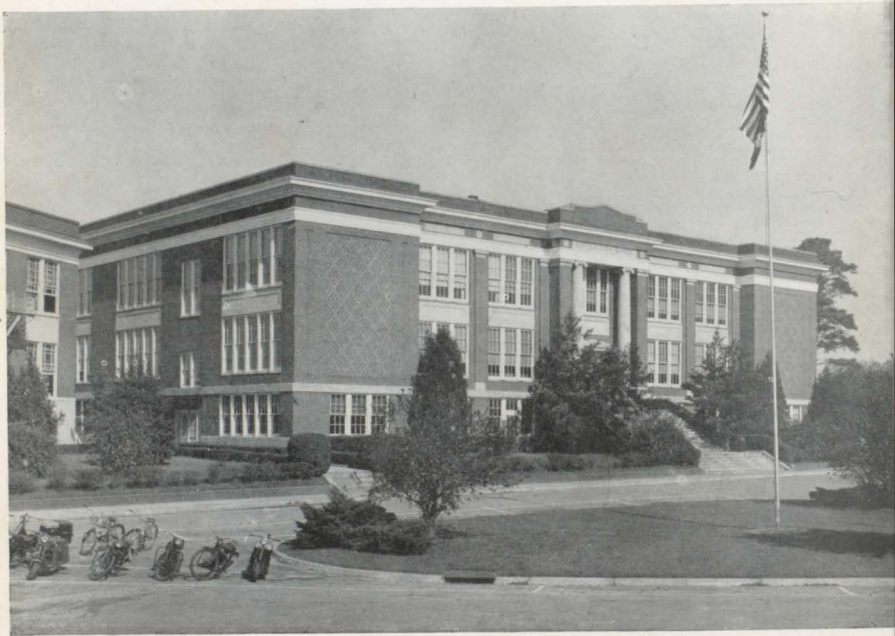

We hear the barkers announcing such unusual things! Yes, the Side Shows attract many. Here the stars of the performance appear and are recognized for their various fascinating talents. Let's see whether the freaks are anything more than just ourselves as others see us.

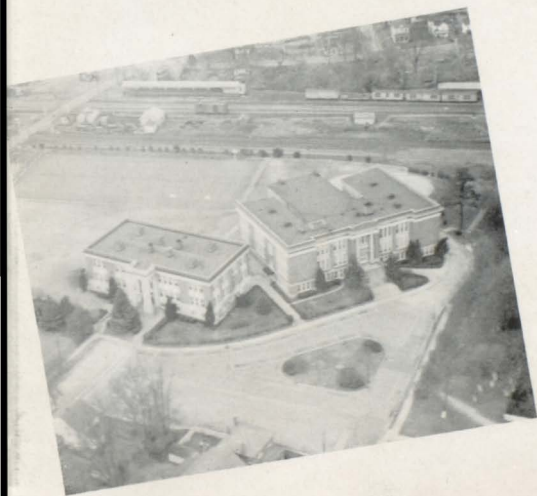

So, while leaving the lot, we hear the barkers announcing the last performance of the evening. "Come one, come all to the greatest show on earth."

"Each one gives his best for the
good of all".

Suffolk High School, located in Suffolk, Virginia, the Peanut Capital of the world, has an enrollment of 430 students including the junior high school. It is a Group II school in District I.

In every organization there must be a record of the year's work. THE PEANUT, our annual publication, has this responsibility in Suffolk High School. Think of all the fun we'll have years from now looking at our friends' pictures in THE PEANUT of '48. As we're reminiscing we'll probably wonder what became of that guy who was voted "most likely to succeed."

Not only does the annual serve as a record of our happy high school days, but also it provides a means for its creators to gain good experience. Journalism classes are held twice a week during activities period in order that the students may learn how an annual is put together. First, the staff must decide the all-important theme. Then, the editors with their assistants plan their sections of the annual with great deliberation, for each year they try to make that issue the best publication in the history of Suffolk High School.

The Peanut Picker

This year saw several changes in the editing of our school paper. For the first time in many years the paper has had co-editors-in-chief. Also, for the first time in the history of the paper the editors were juniors, those selected for the job being Don Howell and Peggy Pinner.

In connection with the paper, journalism classes were instituted to train the news writers. These classes were held every Monday and Friday during third period. Miss Basler conducted the classes, giving information on how the paper was to be edited and printed.

As so often in the past, another top-flight paper, which is a credit to the school, has been published. The members of this year's staff take pride in the fact that they had a part in helping Suffolk High publish a paper which won a rating of "Distinguished" in the Virginia High School League literary contests for 1946-1947, sharing honors with three other Group II school papers in the state.

The purpose of the Wranglers' Club is to promote debating and public speaking. In order that the members may obtain information on these subjects, various outside speakers are invited to address the organization.

The club sponsors the students from Suffolk High School who, as entrants in debating and public speaking contests, attend the Virginia High School Literary League.

Another annual project of the Wranglers' Club is the George Washington Ball, which is given in February. A queen and a maid of honor of the dance are elected from the student body.

Indeed, the Wranglers' Club is an organization of which our school can be proud.

The Student Senate of Suffolk High School, which is our governing body, is based on one of the most democratic forms of government known to man. It is a government of representatives chosen by the students to represent them by making the rules and regulations which they are required to live up to. Its president, who must be from the Senior Class and its vice-president, from the Junior Class, are voted on by all the members of the high school. Each home room is represented by a delegate chosen by its members. These representatives express the will of the students by relaying messages and requests to the Senate meetings where they are thoroughly discussed and acted upon, if desirable. However, if an issue of great importance arises, such as the revision of the constitution, the matter is brought before the students as a whole where a popular vote is secured.

Another division of our governing body is the Ways and Means Committee which is very closely related to the Senate, its members even being honorary Senate members. Truly, Suffolk High School has a very democratic form of government, which in turn produces better results since it is composed of the students themselves.

Every girl is eligible to belong to the Glee Club if she meets certain qualifications. Try outs are given at the beginning of each school year, and meetings are held twice weekly on Tuesday and Thursday. Once a girl is in the Glee Club, she must pass at least three subjects in order to maintain membership.

THE TRIPLE TRIO

"All Through The Day" was the selection chosen by the club to sing for the A. P. T. P. which they jointly sponsored with the Boys' Glee Club. Every year at Christmas time the two clubs join voices to present one of the most beautiful assemblies of the school term.

Choral training teaches students appreciation of good music and arrangements, and at the same time gives them the pleasure of creating something others will enjoy.

The Boys' Glee Club under the direction of Mrs. William Moore has a membership of twenty-six. It is a credit course, meeting twice a week during the activities period. Students obtain a half credit for the year's work.

The Boys' Glee Club, combined with the Girls' Glee Club, serve the school and community by giving choral programs during the year. Two of the most impressive of these presentations were the Christmas assembly and an A. P. T. P. meeting which they sponsored.

During 1947-48 the F. H. A. has attempted to accomplish the following things: (1) to increase every member's understanding and appreciation of F. H. A.; (2) to emphasize the contribution to improvement of home living; (3) to let others know about F. H. A.; (4) to improve the support given our national and state projects; (5) to give recognition to members making outstanding contributions.

The members have prepared and served for several outstanding occasions during the year. They sponsored open house in the Home Economics department after A. P. T. P. meetings. They made articles for the Red Cross, and also aided the physical education department by making new red "pennies" so that the teams could be distinguished more easily.

The Camera Club

The newly organized Camera Club was begun this year for the purpose of furnishing instruction and practice for all the camera-minded students of Suffolk High School.

Each member of this club furnishes his own equipment. The group meets once a week, on Wednesday, and at each meeting, ways of improving technique in taking pictures, printing, and developing films are taught.

The school recently purchased photographic equipment which is used to demonstrate good photography.

Scene from "Merton of the Movies"

The Dramatic Club teaches its members poise, self confidence, and appreciation of the cultural arts of life.

Each year they produce at least three plays. A one-act play is entered in the literary contest of Group II Schools of Virginia, and the other two plays are produced for the enjoyment of the students of Suffolk High, the public, and parents interested in the work of their children.

This year the club produced a four-act play entitled "Merton of the Movies," which was a big success.

This is the second year that retail selling has been taught at Suffolk High School. The class now has twenty students as compared with the previous total of eleven.

All students who take this class must do outside work in some field of distribution for at least fifteen hours each week. Besides receiving a salary for their work, the students receive training for future jobs.

Closely associated with the work of the class is the Distributors' Club which meets every Wednesday during the regular class period.

Again this year we want to compliment Mr. Leslie Preddy for the splendid training which each student has received under him.

The Boys' Senior Hi-Y under the capable leadership of Raleigh Ellis and splendid counselship of Mr. Graham McChesney, pastor of the First Presbyterian Church, has made great advances toward the establishment of better school spirit. Throughout the year the Hi-Y has had programs consisting of a series of religious talks given by very prominent men of the community. The purpose of these was to further enable the members to carry out the Hi-Y's platform.

Another one of the clubs devoted to service for the school and community is the Boys' Junior Hi-Y.

The first activity that the club participated in this year was the district conference to which they sent three representatives.

At Christmas the boys brought happiness to a needy family by contributing a basket of toys and food. By patrolling the gymnasium the boys have helped the school keep order.

Each year the four Hi-Y clubs join together in a fellowship dinner which helps bring better cooperation and Hi-Y spirit to everyone.

The Senior Tri-Hi-Y Club is one of the most outstanding organizations in our school. Each of its members is expected to live up to the Hi-Y's purpose: to create, maintain, and extend throughout the school and community high standards of Christian character.

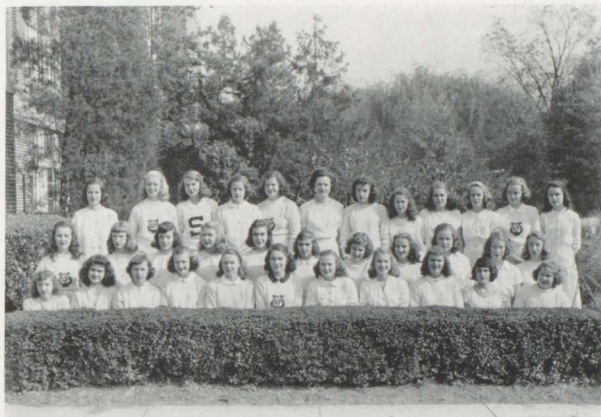

At Christmas the club played Santa Claus to an underprivileged child and decorated the school for the holiday. Other projects of the club this year were sponsoring a radio program for the Tuberculosis Association and redecorating and taking care of the girls' rest room on the third floor.

One of the highlights of the '47 program was the annual District Hi-Y' Conference, which was successfully held this year at Suffolk High School. Much of the responsibility for this event fell upon the shoulders of this organization. The Senior Tri Hi-Y sent three delegates to the convention.

The Junior Tri Hi-Y Club, composed of freshmen and sophomore girls, takes a very active part in school affairs. Keeping the girls' rest room on the second floor decorated and clean is one of their jobs.

The organization's agenda are divided into four meetings: business, committee, program, and Bible study. Once a month they invite a minister to speak before the club on a topic taken from the Bible.

Among their projects for the year were guarding devotionals during assemblies and sponsoring the A. P. T. P. meeting in May. For the district Hi-Y-Tri Hi-Y conference held in November, the club took care of housing the delegates as well as helping on minor things. The Junior Tri H-Y was well represented at the convention by three delegates.

Suffolk High's Junior Red Cross Council has had a very full year of activities. Contributions and gifts for overseas purposes were very generous, and volunteers for all projects responded whenever called upon. The members made favors for the various holidays and sent them to the servicemen in the Tidewater hospitals. Several trips were made in the Red Cross truck to the Naval Hospital in Norfolk by the members, accompanied by Miss Marable.

Our Council had interesting programs, among which were a talk by the Rabbi from the local synagogue, an illustrated lecture by Mrs. Landon Maxey, and a discussion by Miss Betsey Womack of the Home Service Division. With these informative programs and the help of our new adviser, we have had a most active year.

One of the big events was the sending of Hannah Rose as delegate to the 1947 Red Cross Convention in Cleveland. The local Chapter of the American Red Cross sponsored and appropriated funds for this trip.

RETAIL SELLING

These students in Retail Selling have just seen a movie and are now receiving additional information from their instructor. Besides actual classroom work, these retail sellers work in stores in town, receiving regular pay for their services. Also offered in this same department is a course in Consumer Buying, which is popular among those interested in vocational subjects.

COMMERCIAL

Typing is one of the most popular classes in Suffolk High not only among the regular commercial students but also those bound for college. Shown here are the students in the advanced typing class pecking away on their typewriters. Other courses taught in the commercial department are shorthand, bookkeeping, filing, business English, and a brand new course, office practice.

Winning the football championship for three consecutive years, Suffolk High School is proud to add this trophy to its permanent collection of awards. It was presented by the Sportsman Shop of Norfolk to the school that won the championship three years in succession.

We wish to dedicate this space to the players of the first team of each of the three years who were largely responsible for our keeping this trophy by listing their names, realizing that there are many more who had a part in the victories and who will not be recognized:

COACHES WHITE and JONES

OUR COACHES

Of the six years Coach Lewis R. (Dick) White has been at Suffolk High School he has been head coach for the last three during which time he has produced championship teams. Coach White's assistant this year is new on the coaching staff but not new to Suffolk High, for Coach "Art" Jones is a graduate of our Alma Mater. Both coaches have won the respect of everyone by their leadership and ability to turn out championship teams.

OUR CO-CAPTAINS

Our co-captains for this year's football team were Bill Barnes and Bob Crocker. They did a fine job in steering the 1947 team on to the third straight championship which won for Suffolk permanent possession of the District Trophy donated by the Sportsman Shop of Norfolk. Barnes as stationary guard and Crocker as blocking back, played positions which seldom receive glory but are essential to a good team. These boys will long be remembered as the co-captains of one of the greatest football teams of Suffolk High School.

CO-CAPTAINS CROCKER and BARNES

Football

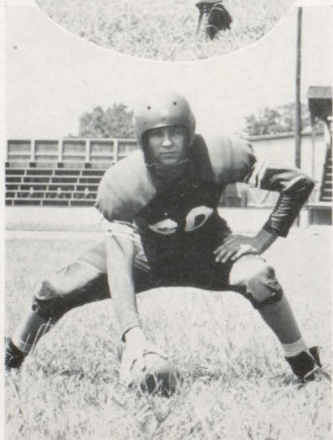

Suffolk High, having one of its greatest football seasons, won ten games while its only loss was at the hands of a college B team. The Red Raiders scored a total of 285 points to their opponents' 51. Only seven points were scored against Suffolk in district.

CHURCHLAND 0

Running up their highest score of the season, the Raiders outclassed a helpless Churchland team. Suffolk showed an outstanding offensive game with seven different players scoring at least one touchdown.

Perhaps one of the reasons for the Raiders' splendid season was the fine support rendered by the civic-minded clubs of Suffolk. The Rotary and the Kiwanis Clubs gave a very substantial reward in the form of banquets for the pigskinners. The Rotary Club supper, showing Rube McCray, coach of the William and Mary Indians, and the Raider co-captains, is pictured above.

Suffolk 14—Morrison 7

With the Red Raiders playing one of their best games of the year, they came from behind in the first quarter to outplay Morrison and go on to win their sixth conference victory and Group II Championship for the third straight year. The outstanding factor of this game was the brilliant line play and a wonderful performance of passing by Raymond Little of Suffolk.

Suffolk 21—Matthew-Whaley 6

Suffolk ended one of its greatest football seasons in history by topping a hard fighting Matthew-Whaley team in Suffolk's first win in the Peanut Bowl Game played at Peanut Park. This was probably the fastest team played this year, but Suffolk's fine passing attack turned back the Governors from Williamsburg.

Baseball --- 1947

Coached by Dick White, the Suffolk High 1947 Baseball Team won nine and lost five games.

In the first three games Suffolk lost to Norview, Broad Creek, and Cradock because of the poor support backing our pitchers. Suffolk finally found its stride in downing Churchland, Deep Creek, Great Bridge—Hickory, Portlock, Kempsville, and Morrison for six straight victories. After Oceana defeated the Red Raiders, Suffolk, not to be outdone, overcame Poquoson and South Norfolk in their next two games. Next came the game with Maury. Suffolk, playing one of its best games of the season behind the outstanding pitching of Calvin Schadel, forced Maury to go all out to win the struggle. Suffolk walloped Alexander Park to climax one of the most successful seasons for many years.

Suffolk was led by the battery of Raleigh Ellis and Calvin Schadel. Besides being a great pitcher, Schadel also led the team in batting.

Track---1947

The first track meet of the year was held at Williamsburg between Matthew-Whaley, Highland Springs, and Suffolk. Led by Richard Sykes, who scored ten of the fifteen points, Suffolk placed third. Although this was the first meet Suffolk had taken part in, we made a very good showing.

The next was between Churchland, Morrison, and Suffolk. Morrison placed first, Churchland, second, and Suffolk, third. Sykes again led the Suffolk trackmen.

The last meet of the season before the district meet in Norfolk was between Cradock and Suffolk. Cradock was the victor. Schadel was the high man for Suffolk.

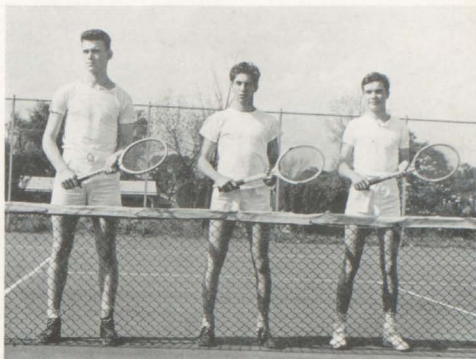

Suffolk was handicapped in track meets by not having enough boys to participate in each event.

ELEY KOZAK SPIVEY

When one looks at the record compiled by the 1947 tennis team of Suffolk High, it seems as if it would be good material for Robert Ripley's "Believe It or Not." Facing eight opponents, including Group I Maury, Hampton, and Norview, the Raiders whitewashed every opponent.

Miss Pittman's proteges then proceeded to cop all but one honor in the state doubles and singles competition at Charlottesville. Their one loss of the season was in the state finals in singles. Buck Kozak, who won the Group II and III singles championships lost to Delmar Sylvia in a hard fought battle. In the doubles competition the Raiders ran away from the pack with Claud Eley and Bob Spivey winning the Group I, II, and III championships.

Thus the Raider racketeers closed one of the most successful seasons in any major sport during Suffolk High School history.

Climaxing their most successful season in recent Suffolk High School history, the Red Raiders coached by "Artful" Art Jones won the District One Group II championship of Virginia. After compiling a season's record of 15 victories and one defeat in Group II competition during the regular season, the Suffolk cagers won the championship by defeating Matthew-Whaley 44-27 and their old nemesis, Cradock High, 30-28 in the play-offs at Portsmouth.

The Raiders then journeyed to Roanoke College in Salem, Virginia, where the annual state Group II championship tournament was held. In their first encounter the "luckless" Suffolk quint lost out to the towering boys from Norton High School, who eventually won the state championship. Forward Raymond Little, who was a thorn in the enemy's side all season, scored 16 points in this hardfought battle which ended 60-42.

After opening the season with an easy victory, there was an air of confidence about the flashy Suffolk aggregation as they rolled through their schedule in impressive style. Their only loss in their own competition proved to be an incentive for the Raiders as the Suffolk

fans were treated to some of the best basketball seen on the local court in many years. The typical Suffolk sportsmanship was displayed fully by the hardwood boys.

The crack Suffolk five, controlling the backboards in nearly every game despite their lack of height, were led by Captain "Buck" Kozak, who was a bulwark on defense. Bob Crocker, a senior sharpshooting forward, was second in the individual scoring race with 169 points. Jack Annas, playing his last year for Suffolk at guard, scored 165 points to closely follow Crocker. Bobby Spivey, a junior, Bobby Pond, sophomore center, and Bill Brothers, a senior guard, contributed much to the Raider's attack. On a team of stars Raymond Little was perhaps the brightest light. Although the flashy forward didn't shoot much during the season, his uncanny accuracy enabled him to score 189 points to lead the 47-48 Raiders to their most successful season in recent years.

Managing this championship team were Raleigh Ellis and Ben Umphlette.

When the 47-48 edition of the girls' basketball team started practice in November, things didn't look too bright as the Suffolk lassies had lost all their first string forwards of the preceding year. But under the able coaching of Miss Emily Pittman, the Raiderettes developed into one of the outstanding girls' teams in their district.

Suffering only one loss, the Raider sextet finished second in district standing. Their only defeat came at the hands of the league leaders, South Norfolk, who now have a win streak of 44 games. The Suffolk *femmes* led the South Norfolk Tigerettes at half time, but the older Tigerettes proved too classy in the last half as they won handily 29 to 18.

One of the main reasons for the girls' success on the hardwood was the superlative defensive work turned in by the Suffolk guards. Capably led by Captain Helen Davies, Sarah Carr, and Barbara Hassen, the Suffolk

guards held the opposition to an average of 18 points per game.

As the Raiderettes scored 379 points while holding their opponents to 216, they won ten games, lost one, and tied one game with Morrison 28 to 28.

Freshman Betty Anne Holland aggregated almost one-half the team's total score as she poured 178 points through the hoops. The lanky forward averaged approximately 15 points per game in her first season of basketball. A speedy forward, Nell Bradshaw, was second in the scoring race as she garnered 111 points. Lilly Mae Dillard, a clever little forward, scored 54 points as the Raiderettes wrote *finis* to another successful season.

This year's Raiderettes were capably managed by Sarah Crocker, assisted by Joyce Gatling.

Fighting their way to the top, the cheerleaders have had another successful season leading the Raiders on to victory.

This year's squad had only two lettermen, Nell Bradshaw and Sigmund Stein. The new members are Joan Turner, Betty Hancock, Margaret Taylor, Billie Crumpler, Clarence Smith, and Mills Riddick.

The cheerleaders were seen at every game, regardless of weather, adorned in their white uniforms with red monograms.

When basketball season opened, only five cheerleaders were allowed on the floor. This was a state law, but the cheerleaders divided up so that each could take part in leading the yells.

The spectators cannot imagine how much an ear-splitting cheer from the grandstands or a packed gymnasium boasts the confidence of everyone on the team.

Much credit should go to the cheerleaders who spent long hours practicing yells, learning new ones, and being on the job always at games.

OUTSTANDING

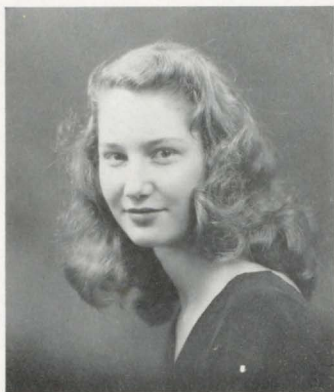

BILL ALLEN

Billy is one of the busiest boys in high school. We know him best as president of the Senior Class. Besides holding this important office, Bill finds time to serve on the Program Committee of the A. P. T. P. and on the Assembly Committee. He is a member of the Dramatic Club and played on the football team. Taking these things and his fine record into consideration, we have chosen him as an outstanding Senior.

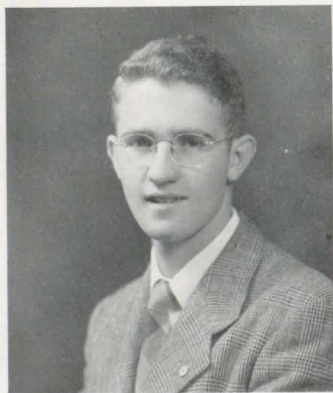

MARY EVELYN CROSS

As co-editor of THE PEANUT, Mary Evelyn Cross is really a busy girl. Her efficiency and willingness to work have made her one of our school's leaders. She is president of the Senior Tri Hi-Y and finds time for playing on the girls' basketball team. Even though she is busy with her extra-curricular activities, she has been able to keep her grades above average. Certainly in view of these things she has justly won a place among the Outstanding Seniors of '48.

JACK STROUD

Here is a boy that needs no introduction. As chairman of the Ways and Means Committee Jack Stroud has done a big job well. He has played a part in making our football team a champion one by being such an efficient manager. Jack is very active in Hi-Y work. He is president of the Suffolk Hi-Y Council and a member of the Boys' Senior Hi-Y Club. Yes, we take pride in placing him among the Outstanding Seniors of '48.

SENIORS

BILL THOMPSON

Tops! Just tops is what we are really capable of saying about Bill, our fine Student Senate president, who is always willing to give and take advice for anything that he thinks will help for the betterment of our school. He is one of our baseball players and also an active member in the Dramatic Club, having taken one of the leading roles in our annual play. He is also a member of the Monogram Club, an honorary athletic society. With all his activity and fine scholastic rating in school, Bill finds time to be a "personality plus" friend.

SIGMUND STEIN

A Superlative Senior—Yes, that's one way of describing "Siggie," our co-editor of the annual this year. As leader of our Cheerleading Squad he was right there ready to cheer Suffolk's teams to victory. He acted as Chairman of our Finance Committee which is the hard task of keeping the school within its budget. It would be hard to forget that Sigmund is one of our champion debaters. He also served as a most capable president of his homeroom. Among all his many titles, "Siggie" is a fine, all round student and friend, who has been able to keep his scholastic average "above average."

SARAH CROCKER

One seldom finds a student as well-liked and popular as Sarah Crocker. This year, as secretary of the Senior Class and treasurer of the Senior Tri Hi-Y, she has proved herself an outstanding leader. Sarah has been a hard-working manager of the girls' basketball team, an efficient *Peanut Picker* reporter, and as chairman of the assembly committee she has provided the school with many fine programs. These many activities, together with her pleasant personality and friendliness, make Sarah rank high among not only the members of the Senior Class but also among the whole student body of Suffolk High School.

Martha.

Well, I guess you will be a Junior
next year. So I won't say a lot of things as
everyone seems to do such as "Best

of luck" and "take care of everyone."
But I'll just add my little
dash. And say, **SAM LEVY**, you had
a year and a half even better.
Be good and keep all "A"
for years. That way you will
have a "HOUSE OF DIAMONDS"
one at last your first.

AMERICAN SHOE REPAIR

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolic of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

Years of experience have taught us! Printing Pays Us Only When It Pays You!
